SUMMARY

Customer Service is about providing an efficient, effective and engaging level of service that surpasses expectations where possible and supports them in their queries/questions.

It has been found that UK Businesses lose £37 Billion per year due to poor customer service, and there is plenty of evidence to show that customers value a product more when accompanied by positive customer experience.

This training will look at the fundamentals of customer service, work on building/enhancing your skills to achieve and improve customer loyalty, satisfaction as well as deepening cementing a long term relationship.

OBJECTIVES

By the end of this course you will;

Understand the pillars and principles of customer service

Know how to better provide exceptional service and mitigate against customer complaints

Learn how to manage and maintain customer relationships whilst delivering on expectations
